[REDACTED] has been amended. There are now some differences between Regulation [REDACTED] and the agreement referred to above. In consequence questions have arisen as to the application and interpretation of the regulation and of the former amendment. Accordingly, we feel it is desirable to secure your views regarding the payment of per diem at temporary duty points and to reconcile the existing differences. Further, it appears that in a few cases per diem for possibly excessive periods of time have been authorized. The Finance Division has, therefore, prepared a suggested amendment to [REDACTED] to replace both the former agreement and the pertinent parts of the regulation. Our suggested amendment is attached hereto as Annex B. [REDACTED] Para-graph C (a) and (b) are attached hereto as Annex C. It is requested that the attached recommendation be reviewed and we be advised of your concurrence, or of changes which may be desirable, in order that the proposed revised regulation may be presented to the Comptroller and the Deputy Director (Administration).
